

# COLLEGE WORKS PAINTING

## Studentworks Painting

Dear Josh and Crew,

March 16, 2006

Thank you for doing such a wonderful job painting our home. You and your crew are better than any full-time professionals that we have seen. Please give a copy of this to each person on your team that worked on our home. You do a more thorough job and a higher quality job than any we've seen. We are planning to stay in our present home forever, as we love it, and we want it to be beautiful.

You and your crew have helped make it that way. We had three bids that we checked out with our Better Business Bureau website and our Registrar of Contractors website. You folks were the third group that we interviewed. After interviewing you and your assistant we decided that we would get a higher quality job from your group, and we did, above and beyond our expectations.

You folks are very well trained and meticulous in each task at hand. We love the colors and your recommendations. The work around the bricks and around our dock, along with your attention to detail and quality, made the job tops.

My wife Beverly said that she expected your group to be very good, but she had no idea what lengths you folks would be going to in order to provide top quality workmanship. Your rates are very low for the quality and volume of work results the customers get.

Thank you, again. If we can be of any help in recommending you to others, please use this letter. You deserve it.

Sincerely,
